

# Refrigeration Simulation Report

## Operating Conditions

| Parameter       | Value |
|-----------------|-------|
| evaporator_temp | -5    |

## Performance

| Metric | Value |
|--------|-------|
| COP    | 2.0   |

## State Points

| Point | P (kPa) | T (°C) | h (kJ/kg) | s | quality |
|-------|---------|--------|-----------|---|---------|
| 1     | 100     | 0      | 200       |   |         |
| 2     |         |        |           |   |         |
| 3     |         |        |           |   |         |
| 4     |         |        |           |   |         |
